The Iraqi Red Crescent Society (IRCS) is an Independent, volunteer-based National Society that works to alleviate suffering for all and referee the international humanitarian laws and treaties ratified by the Iraqi government. We are also an auxiliary body to government when responding to humanitarian needs including the Mosul liberation operation beside our heading and membership of different committees inside Iraq that involved in the humanitarian response. However, we maintain our independence from authorities and function as an autonomous, apolitical, non-partisan organization.
